

# Give the Gift of Reading Through **BOOK DONATIONS**

“A book is a gift you can open again and again.”

-Garrison Keillor

**Studies indicate that providing books to underprivileged children can greatly enhance their literacy skills and academic prospects. However, almost two-thirds of low-income families do not have any books for their children.**

Source: Scholastic- Access to Books

Help us fill families' bookshelves through your donation of new books for children ages 1 - 12 and give the gift of reading.

**Children enrolled in the Children's Project receive a stack of 4-6 new books in their birthday box and 1 new book at Christmas.**

In order to provide enough books for all the children in our program we need nearly 7,000 books a year!

**Consider donating new copies of your favorite titles or host a book drive at work, at school or through an organization or club.**

*As the books are given as gifts, we are unable to accept withdrawn library books or used books that show wear.*

Donations are accepted on weekdays year-round:
